Bill – here is some information for the website. I am wondering if we could start a TMT area. Is it possible to get a group like we have with the Moodle or the tools4teachers. Maybe we have tools for teachers as a link I just need some direction Sir.

Subject: CTS Presentation follow-up

Lloyd: Thanks again to the CTS Council and yourself for the opportunity to present at the 2010 Conference. As promised, here is the power point presentation and the ACA Workforce Strategy (2009) which has not yet been updated by the latest 10 year labour supply demand outlook which will be released in late May. The Strategy consists of 8 pages of analysis and recommendations followed by a literature review so it is not quite as daunting a read as it first appears. I foresee that we could rework recommendations specific to K-12 education that appear in those first 8 pages. I would also like to ponder how we can set up an e-mail / teleconference to further explore a sustained dialogue to capture ideas and issues of your colleagues. I look forward to any and all comments!
